

Warm-Up #22

1. Label each group with the correct # of valence e^- and charge of its ions. Then draw the generic Lewis dot diagram for each group. Use "X" for the generic element symbol.

# of valence e^-			N/A						
Charge of ions			positive						
Lewis diagram			N/A						

Group # 1	Group # 2	Groups # 3-12	Group #13	Group #14	Group #15	Group #16	Group #17	Group #18
-----------	-----------	---------------	-----------	-----------	-----------	-----------	-----------	-----------
